## PROFILE

I am a final-year B.Tech Computer Science and Engineering student with a strong interest in cloud computing, aspiring to build a career in AWS. I have a solid understanding of core AWS services such as EC2, S3, IAM, and VPC, and I am actively enhancing my skills in cloud architecture, networking, and security. With a foundation in Linux, Python, and version control systems like Git, I am committed to continuous learning and gaining hands-on experience in deploying and managing scalable, reliable cloud solutions on AWS.
